3. YSGOL PARC -Y- LLAN

Attending Mr M. Ashford – Head Teacher.

Mr Ashford thanked TCC for the Invitation and for the opportunity to speak to members about the Breakfast Club and answer any questions.

MA: “School budgets are very tight and looking ahead things are not going to get better. We have a good working relationship with Ysgol Terrig and work close together which is a nice position to be in for both schools.

There are 70 pupils registered for breakfast club attending from both schools and we are currently the only provision in Flintshire that offers free breakfast club from 8am to 8.45am.

The children have the choice of toast, milk, fruit and cereal. The cost of food will keep going up. We shop at the local supermarkets to get the best deals for cereal, fruit etc.

The behaviour of the children attending is excellent.

The school budget was cut last April 2024 which we lost £20,000 overnight also grants have been cut. It seems there may be a further 3% cut to our budget next April 2025. All these cuts are having a huge impact on school resources.

We try and carry 5% of the budget forward this is becoming less each year in a couple of years it will be 0%.

Before we get to that point we will have to charge for breakfast club, the grant we receive doesn't cover the cost to run it. The 70 that attend there is about 10 that don't have breakfast, there will be some families that can afford to pay for breakfast club. All children are eligible for free school meals, some families do struggle; breakfast and free school meals is their lifeline.

The quality of dinners is very poor and smaller portions, the school dinners we had when we were at school were very wholesome and good portions.

I am here this evening to ask for help and if TCC would consider an application for funding”.

Members were given the opportunity to ask Mr Ashford questions.

CS: The procurement of ingredients is very low, can't you get free ingredients from Kellogg's, Supermarkets etc.

MA: There are 92 schools in Flintshire which charge for breakfast club. Ysgol Parc-y-Llan have applied to food companies, we are waiting our turn and making requests. You have support for 1 year and then another school the next.

CS: There are a lot of working parents who are having their children fed for nothing; you should be making a charge.

MA: We are looking for additional grants.

RC: We have talked about the cost of food a lot of the cost is staff. For a viable business model to grow you will need to consider charging some parents.

MA: It is looking that we will have to consider charging for breakfast club. The school had an Estyn Inspection in June in which we had an outstanding report. Wellbeing is the top of our agenda.

AM: From the Resources committee on FCC it shows an increase on Parc-y-Llan's account 2023/2024.

MA: What is shown on paper is not correct. Reserves will be kept in a pot for emergency incidents, the school budget will show a true reflection in the April.

EB: What sort of figure would make a difference.

MA: We would be grateful for any donation, whatever the council can afford. We are encouraging parents to apply for free school meals for those who are eligible. Numbers help maintain the grant.

BJ: I admire the Head Teacher and what has been spoken this evening. The cost of the food shown is very minimal.

JS: We are the seventh affluent country in the world and surely we should feed our children. I admire both Head Teachers for working together.

It was agreed by members the council will discuss this further in the November meeting

Mr Ashford thanked the council for inviting him this evening
