#### 4. YSGOL PARC-Y-LLAN

## 1. BESOLARO FEE

It was noted that both schools attend the breakfast club – Ysgol Parc-y-Llan and Ysgol Terrig.

From the information given to TCC the cost of food for the breakfast club is approximately £1000 per annum.

It was proposed that TCC give a grant towards half of the food bill.

An amendment to the proposal was put forward to give a grant of the full amount - £1000.

A member stated that TCC give nothing now and would like to see a charge for the breakfast club. To invite the Head Teacher back from Ysgol Parc-y-Llan next year to see how the finances have worked out. There are similar schools in Flintshire who charge for Breakfast Club

It was discussed further if a grant of £1000 is given this could be paid on a quarterly basis the first grant payment in December 2024 of £250, the remainder of the grant £750 would be included in the new precept budget. The second grant payment of £250 being made in March 2025.

It was proposed by Cllr. C. Swan that a grant of £1000 is awarded and paid on a quarterly basis

Seconded by Cllr. C. Metcalf

Carried 1 abstention.

## **5. ROAD SAFETY IN THE COMMUNITY**

Members have discussed in previous meetings the parking issue on Ffordd- y- Llan during school drop off and pick up times.

A meeting has been held with FCC Mr A. Stanford a few years ago in which plans had been presented showing different options of how to reduce parking in front of the schools.

Double yellow lines, a Zebra crossing introducing a one-way system were options discussed.

It is a difficult situation moving traffic from one area and causing parking problems somewhere else.

There is not enough space for all the cars – children arriving for breakfast club at different times does help to stagger the drop off.

Encouraging children to walk to school would ease the volume of cars arriving but some parents are working and need to drop their child/children off.

The speed limit was reduced to 20mph on the 17<sup>th</sup> September 2023 there is an indication it has reduced accidents.

Parked cars do slow traffic down as they narrow the road.

Both schools are growing and more car park spaces in the campus grounds is needed. There are more staff cars parked on Ffordd-y-Llan which adds to the volume of cars.

Many schools in Flintshire are faced with the same problem and it is putting something in place that works for all. Some Flintshire schools have had funding through ‘Safety Routes to School’ what has been put in place has worked well.

### ***Action:***

It was agreed by members to invite FCC Highways Officer Mr Lee Shone to a meeting to discuss how parking could be improved.
